- Tailwind
- Bootstrap
- React Js
- OOP
- DSA

PROJECTS

Future Manufacturing Landing Page

Developed a manufacturing landing page using HTML and CSS, then rebuilt it with Tailwind CSS to streamline styling and improve customization. Implemented fully responsive design optimized for desktop, tablet, and mobile devices, resulting in a modern, user-friendly interface that effectively showcases innovative manufacturing solutions.

Tour website Landing Page

Built a tour website landing page using HTML and CSS, implementing a fully responsive design for seamless usability across all devices. Designed with vibrant visuals and clear calls-to-action to engage travelers, enabling visitors to easily explore tour options and book adventures online

Portfolio Page

Developed a personal portfolio website using HTML and CSS to showcase projects and skills. Designed with a clean layout and modern styling, the site highlights key work samples and provides easy navigation for an engaging user experience.
